Dear Dan:

Enclosed for your approval are two copies of Amendment #3 to our lease contract with [redacted] Corporation. One copy has the referenced schedules attached, the other copy has not.

50X1

The effect of the changes negotiated with this amendment has been reflected in the cost amounts negotiated with you for the definitive "C Prime" and "A" contracts. The changes are:

1. Modest increases in direct labor rates reflecting recent collective bargaining negotiations.
2. Modest increases in overhead and G & A rates due to increased payroll taxes, fringe benefits granted during recent collective bargaining, and reduction of the [redacted] labor base.
3. Reductions of the shop and office equipment rental rates, since the original rates were established in anticipation of a one-year rental whereas the total anticipated rental now exceeds three years.

50X1

You are requested to indicate your approval of the attached amendment by affixing your signature in the appropriate space and retaining the copy to which the schedules are attached. Kindly return the other copy for our files.

Very truly yours,

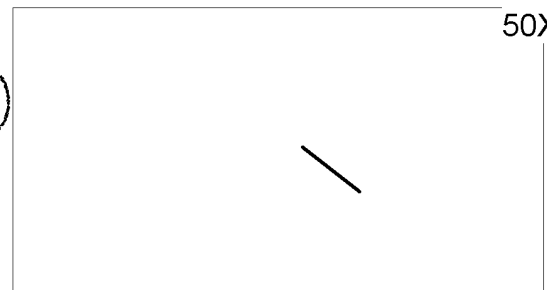

50X1
